

AYAAN A. SYED

Austin, TX

therealyaan9876@gmail.com [linkedin.com/in/ayaan-syed](https://www.linkedin.com/in/ayaan-syed) github.com/ayaan-cs [portfolio](#)

Professional Summary

Fullstack software engineer with hands-on experience building modern web applications using React, Svelte, and TypeScript. Skilled in both frontend and backend development with expertise in creating responsive user interfaces and robust server-side architectures. Proficient in JavaScript/TypeScript ecosystem with experience deploying applications using Docker and cloud platforms. Strong foundation in software engineering principles, database design, and API development. Proven ability to transform design mockups from Figma into production-ready code while collaborating with cross-functional teams.

Experience

AI Research Lead Intern

September 2024 – August 2025

Klein Sports Performance, LLC

Austin, TX

- Built full-stack web application using React and TypeScript with RESTful API backend architecture
- Developed responsive frontend components with modern JavaScript frameworks, ensuring cross-browser compatibility
- Implemented containerized deployment infrastructure using Docker for consistent development and production environments
- Integrated third-party APIs and designed database schemas using PostgreSQL and Redis for data persistence

Data Science Intern

June 2024 – August 2024

United States Department of Agriculture (USDA)

Austin, TX

- Developed web-based data visualization dashboards using JavaScript and Python for geospatial analysis
- Built automation scripts to streamline data processing workflows and improve operational efficiency
- Applied software engineering best practices including version control with Git and automated testing
- Created technical documentation for data pipelines and API integration processes

Projects

Kashf - Mobile Application | *TypeScript, JavaScript, Kotlin, Vite, Figma, HTML/CSS*

2025

- Designed and structured backend logic for mobile application using Vite build tool with TypeScript and JavaScript
- Created comprehensive UI/UX designs in Figma and implemented responsive landing page using TypeScript and CSS
- Collaborated on mobile development using Kotlin for native Android functionality
- Published application to TestFlight for beta testing; web presence available at getkashf.netlify.app

MindSight - Medical Analytics Platform | *React, JavaScript, Python, REST APIs, HTML/CSS*

2025

- Built full-stack healthcare analytics platform with React frontend and Python backend serving RESTful APIs
- Implemented modern component architecture using React hooks and state management for complex medical data workflows
- Designed responsive interface following healthcare accessibility standards with comprehensive error handling

IMDb Sentiment Analysis Platform | *React, TypeScript, Python, Scikit-learn, 50K Dataset*

2024

- Developed interactive web interface using React and TypeScript for visualizing sentiment analysis results
- Built RESTful API backend connecting React frontend to Python machine learning models processing 50,000+ reviews
- Implemented real-time data visualization charts and dashboards displaying model predictions and accuracy metrics

Education

St. Edwards University

August 2022 – December 2025

Bachelor of Arts in Computer Information Science

Austin, TX

- **Relevant Coursework:** Data Structures, Algorithms, Software Engineering, Web Development, Database Theory, Computer Architecture

Technical Skills

Frontend Development: React, Svelte, TypeScript, JavaScript/ES6+, HTML5, CSS3, Responsive Design, Component Architecture

Backend Development: Python, Node.js, RESTful APIs, Flask, PostgreSQL, MongoDB, API Design, Database Schema Design

Languages: TypeScript, JavaScript, Python, Java, SQL, Kotlin, HTML/CSS, Shell Scripting

Tools & Platforms: Git/GitHub, Docker, Vite, Figma, Azure, AWS, Linux/UNIX, macOS, Windows

Development Practices: Agile Methodologies, CI/CD Pipelines, Testing Frameworks, Code Review, Technical Documentation

Design & UX: Figma, UI/UX Principles, Accessibility Standards, Responsive Web Design, Design System Implementation

Additional Information

Animal Caretaker – Volunteer

December 2022 – Present

Local Animal Shelter

Austin, TX

- Demonstrate collaboration, problem-solving, and attention to detail through hands-on community service
